See "The Stentor" for Fall announcement and special offer to College men only. I make high class garments for all occasions, but evening clothes—correctly made Dress Suits and Tuxedos—receive my most careful personal attention. I do my own designing and drafting, which alone makes possible that distinct individuality which characterizes the appearance of the well dressed man. My Lake Forest representative, J. B. KESSLER, North Hall, will be pleased to talk with you and show samples.

A Foreword of Welcome

To the old students, a cordial "welcome back;" to the new, a friendly salutation—in the name of all Lake Forest, and especially on behalf of the Young Men's and Young Women's Christian Associations connected with this institution.

This little book will tell its own tale and speak for itself. Its special purpose is to familiarize the newcomer with the various phases of College life; above all it is expressive of our desire that all the students in the College should allign themselves with the forces that make for righteousness, for Christian manliness and Christian womanhood.

In behalf of the Christian Associations of Lake Forest.

RICHARD D. HARLAN,

President

THE COLLEGE SONGS.

ALMA MATER.

Lake Forest dear, our Alma Mater,
Thy praise we sing with heart and voice;
Thy Red and Black floats proudly o'er us
While in thy glory we rejoice.
As stand thy brave old trees about thee,
Strong as thy lake's fierce waves in storm;
So stand thy children to defend thee,
While love in every heart beats warm.

Beneath thy forest shade reclining,
We gather knowledge at thy feet;
The happy days pass all too quickly,
With friendships bright and pleasures sweet.
And though, in after years, life's striving
Shall change our joys to care and pain,
The love and friends of Alma Mater
Our richest treasure shall remain.

Lake Forest, when farewell we bid thee
And from thy College Halls depart,
As when, by land and sea divided,
The love of country fills the heart;
When courage fails, or hopes are dying,
Our thoughts shall ever turn to thee;
Our watchword be, till time is ended,
"For God, Lake Forest, Victory!"

—*Alvah W. Doran*, '93.

TO ALMA MATER.

To Alma Mater
Let our songs ascending
Form one harmonious strain
In her praise unending.
Lake Forest, may thy sons
To thy fame attending,
Faithful and loyal be!

Now while we dwell
Within thy halls of learning,
And in the after years
Back to thee turning;
Thy standard shall lead on,
And the truth discerning,
Increase our loyalty!

—*D. T. Howard*, '07

The aim of the College Y. M. C. A. is to place about the students a Christian atmosphere, to strengthen the spiritual life of our companions and to endeavor to have them lead an upright and noble life. To this end every student is urged to join the Association immediately and commence active work.

The regular weekly meeting is held in the Y. M. C. A. Rooms in North Hall, every Thursday evening at 7:15 o clock. Every one is requested to attend.

There are two classes of members

active and associate. Any young man who is a member of some evangelical church is eligible to active membership. All others may become associate.

There will be two regular Bible Classes this year, one for the new men and one advanced class. The beginning class will study the life of Christ as outlined by Stevens and Burton. The advanced class will take a course in the Old Testament Characters.

History.—The Young Men's Christian Association of Lake Forest College is one of the oldest in the State of Illinois, having been organized in March, 1881. The Association has always been an enthusiastic one and the meetings have been well attended. In 1907 the College celebrates its Semi-Centennial and it is hoped that this year will be the banner year of the Y. M. C. A.

Lake Geneva.—At Lake Geneva, Wisconsin, immediately after the close of the colleges of the middle west, about 600 college men gather together. The conferences last ten days. It is the desire and the custom of Lake Forest College to try to send at least one delegate.

All of the College men are cordially invited to attend the Reception given by the Young Men's Christian Association in their rooms in North Hall, on Tuesday evening, September 25th, 1906, at seven-thirty.

CHAPEL SERVICE

Chapel attendance is required of all students of the College. At 12 o'clock every school day the students gather in the Chapel where they are led in devotionals by a member of the faculty. Attendance is recorded and but one absence a week is permitted.

The primary aim of the association is to be a soul winning association, to lead girls to know and love Christ as their personal Savior.

To strengthen and inspire the lives of those who are already interested in Christian work, and to train them in the best ways of carrying this on.

To represent the highest ideals in the College community.

To be the means of binding the girls closer together through Christian fellowship.

Membership—Every young woman is invited to become a member of the Association. Those who are members of Evangelical churches to become active and all others associate members. The membership fee for the year is one dollar. The honorary members include Alumni, members of the faculty and women in town who are interested in the Association work.

Meetings—The regular weekly meetings of the Association are held on Thursday evenings at seven o'clock in the library of Lois Hall. Everyone is most cordially invited to attend, whether a member or not.

Bible Study—The Bible Study Classes the past year have been divided according to classes in College, with student leaders. There have been two courses in the Old Testament and two in the New. The aim of the Bible Class is to develop the habit of systematic Bible study. All are urged to enroll as early as possible in the year.

Mission Study—The Mission Study Class meets once a week and it is so arranged that students may enter both the Mission and Bible Study classes. The State Committee of the Y. W. C. A. Work presented the Association with a splendid library of one hundred books, the majority of which are on the subject of Missions. Once a month the Missionary Committee has charge of the regular devotional meeting Our pledge to missions is met by the voluntary systematic giving.

Conferences—One delegate was sent to the State Convention at Decatur last fall. About fifteen of the members attended the Metropolitan Conference at Chicago University this spring. Also five delegates were chosen to represent our Association at the Summer Conferences. Four went to Winona Lake to the Central Conference, and one to Waterloo to the Western Conference.

Association Room—The Association Room is used each week for the Cabinet meetings. The Association Library is in this room and the books are catalogued and convenient for the use of all members.

House Customs at Lois Hall

Quiet must be preserved from 8:00 to 11:30 a. m., from 2:00 to 4:00 p. m. and in the evening from 7:30 to 10:00 p. m. except on Saturdays.

On Sundays quiet must be preserved from 2:30 to 4:00 and after 7:00 p. m. Calling hours shall be the afternoons of Saturdays and holidays, and Saturday evening until 10:00 p. m.; on Sunday evening the limit shall be 9;00 p. m.

No girl is expected to be out of the house after 7:00 p. m. without permission. After May 1st the time will be extended to 8:00 p. m.

On leaving the town all girls shall register the time of departure, their destination, and the length of absence. All registrations must be cancelled on return.

No girl shall be expected to invite her escort in after returning from an evening entertainment.

Girls in the city without a chaperon must leave the city by 8:00 p. m. All theatre and evening parties must be properly chaperoned.

THE COLLEGE

Location.—Lake Forest is situated 28 miles north of Chicago, on a natural wooded ridge overlooking Lake Michigan. Its bold bluffs, rising eighty feet above the lake level, are broken here and there by deep ravines filled with a romantic jungle of trees, ferns and wild flowers. These ravines, wandering inland a mile or more, encircle the College campus on three sides, lending a rare beauty to the place.

Instructors.—At Lake Forest College two changes have been made. Prof. John M. Clapp, of Indiana University, will take the chair in English vacated by Prof. Albert E. Jack. And Miss Edith Denise, also of Indiana University, will take the place of Miss Nellie Kimball, as dean of women.

Buildings.—The DURAND INSTITUTE, the gift of the late Henry C. Durand, is a handsome structure of red sandstone, containing, besides recitation rooms, the offices of administration and a large auditorium for lectures, concerts, public meetings, and social functions.

LOIS DURAND HALL, erected by the late Henry C. Durand in memory of

his mother, is the college home of the young women. It is one of the best appointed women's dormitories in the country. Dining room and reception room occupy the ends of the first floor, with offices and parlor between, while the living rooms are on the second and third floors.

NORTH HALL is a well appointed building, containing the recitation rooms of four departments and the room of the Y. M. C. A., also fraternity rooms.

COLLEGE HALL, the oldest of the College buildings, houses six departments. Here are the laboratories of physics, chemistry and biology.

The dormitories for the men occupy the upper floors of North Hall and College Hall.

The LIBRARY, erected by Mrs. S. S. Reid, in memory of her son Arthur Somerville Reid, is a beautiful new building, thoroughly modern in all its appointments, containing a well selected collection of 17,000 volumes and 125 current periodicals. The students have free access to the library and liberal privileges in withdrawing books.

The CHAPEL, erected in 1899, is in every way a most fitting and attractive center for the religious life of the College. It is a beautiful Gothic building, of Bedford stone, and is crowned by a graceful tower. The exterior is exceedingly churchly and impressive. In the rear of the choir is a stained-glass window by Louis Tiffany.

The ALICE HOME, the gift of Mrs. Henry C. Durand, was erected in 1898 as a hospital for the special use of the students. It is an attractive building in old English style, charmingly located, with a sunny exposure.

The GYMNASIUM, built in 1890, is a handsome brown stone building, with a modern equipment in the way of apparatus. It also has a good running track, hot and cold baths, bowling alleys, and a good swimming tank.

The COLLEGE COMMONS and five residences for members of the faculty, in addition, are on the main campus.

At the present time two new buildings are in the course of construction. They are a new dormitory for men, the gift of Mrs. T. S. Blackstone, and a new Commons, the gift of Mr. Calvin Durand. Two other buildings will be begun before the year is over. They are a new Science Hall, the gift of Mr.

Andrew Carnegie, and another new dormitory.

The year of 1907 will mark the semi-centennial of Lake Forest College. Elaborate preparations are being made for the event.

LAKE FOREST UNIVERSITY

Historical Sketch.—Lake Forest University was planned and its location selected by Presbyterians of Chicago and Waukegan in 1855. In February of 1856, "The Lake Forest Association" was formed, and purchased 2,500 acres of land where Lake Forest now stands. Half of this property was permanently set apart as Association property, and the plat of the town was recorded July 23, 1857. Every alternate lot was assigned as an endowment for a University, and 62 acres were set apart as inalienable campus. The institution was chartered by the State Legislature February 13, 1857, as "Lind University." In the fall of 1858 the first building was erected, and the Academy begun. In 1865 the Legislature changed the name to "Lake Forest University." In 1869 Ferry Hall was built and the Seminary course begun. August 10, 1875, the Rev. Robert W. Patterson, D. D., was elected president of the University, and September 7, 1876, the collegiate department was opened with a Freshman class of eight young men and four young women.

ORGANIZATIONS

Literary Societies.—Through the literary societies much profit is derived in debating and literary work. The Alethian, the society for the young women, is in Lois Durand Hall. The two societies for the young men are the Athenæan and the Zeta Epsilon, both located on the fourth floor of College Hall. All students are urged to identify themselves with some one of the societies in order to obtain the mental discipline and culture that such organizations afford.

Musical Organizations.—Lake Forest has won a name for herself in the musical line by the successful tours of the Glee, Banjo and Mandolin clubs. The members are carefully selected and under competent leaders.

Last year's club was under the competent leadership of Perry H. Stevens, and was managed by Clarence Talcott and Fred Bethard. Concerts were given at nine different towns.

Lake Forest has one national Greek letter fraternity, the Alpha Chi chapter of Kappa Sigma, and three local fraternities; Omega Psi, Phi Pi Epsilon, Digamma Alpha Upsilon.

The Garrick Club.—This is a Dramatic Club of the students. Its object is the furtherance of Dramatic Art. It is open to all students by competition and election. President, Earnest Palmer. Manager, Howard Shroyer. Treasurer, Lloyd Munger.

The French Club is one to which the students of French may become members. At the monthly meetings only French is spoken.

The University Club.—This is a social club of the faculty of the three departments and meets every two weeks.

ATHLETICS

Athletics are a vital part of the college life. We recognize that a true idea of sportsmanship is an essential part in the development of every man. To supply the need of thorough and systematic training, the college offers a regular course under a competent instructor. Credits are given for gymnasium work and for consistent work on regular athletic teams.

The Athletic Association has complete charge of athletics. The Board of Control consists of the President of the Association, the two physical directors, and one member chosen from each class.

A Trophy Room has been established in the Art Institute. In this room are kept all interesting souvenirs of the various athletic and scholastic contests. This room was founded by the class of 1906.

Football.—Lake Forest has always made a good showing in football, and now that our new field is just old enough to be in good condition, we hope, under the leadership of our new Coach, James A. Vaughn, to better our old record. The Captain for this year is Carl Gibbs.

Baseball.—Baseball practice is started early in the gymnasium. A cage is used for the indoor work. Our games are with the Colleges of our own rank in this and the neighboring states. Joe Milner is captain of the team.

Track and Field.—Track and Field athletics experienced a remarkable impetus last year. With about forty more

men in the College this year than last, Lake Forest should turn out a winning team.

Basketball.—Basketball is the favorite midwinter sport. A regular College team is chosen from the men showing the greatest ability in the inter-class games. Captain, Joe McCrea.

Tennis.—The College tennis courts are among the finest in the country. Tournaments are held to determine the College championship. The young women have two separate courts for their own use. Captain, Lincoln Dickey.

LAKE FOREST ACADEMY

The Young Men's Christian Association of Lake Forest Academy extends to the students a warm welcome to the Academy and the Association. We hope to be able to make the first days of the new students profitable and happy, and trust that you will call upon us for any needed advice or assistance. We trust that all students, new and old, will join us this year in holding high the standards of Christian honor and manhood. You will always receive a warm welcome at the Association meetings, where we hope always to have much of inspiration and helpfulness. In leaving home let us not leave the home religious life, but let us together strengthen and better it.

Watch for the Y. M. C. A. reception.

The Association

Twelve years ago the Academy Young Men's Christian Association separated from the College Association. This division took place when the Academy occupied its new buildings, which are situated south of the College campus.

Delegates are regularly sent to the Students' Conference at Lake Geneva, and their reports give a stimulus to the Christian work of the year.

Our weekly prayer meetings, which are held in the Association room in Reid Hall, have been full of interest and a source of strength to all who attend them. As these meetings come in the middle of the week, an opportunity is given us to turn our thoughts to our God. It is here that we meet in Christian fellowship and encourage each other in living a Christian life. If you are a Christian we need your help. If you are not, now is the time to take your stand for the right.

We need you in every good work. Let us join hand and heart, ever striving to elevate the intellectual, social and spiritual life of the Academy, remembering we build for eternity.

Y. M. C. A. OFFICERS

Membership—The active membership of the Association shall consist of men, either students or members of the faculty of this institution, who are members in good standing of an Evangeli-

cal church, and have received a two-thirds vote of the members present at any business meeting. Only active members shall have the right to vote and hold office.

Any person of good moral character, either student or member of the faculty, may become an associate member by a two-thirds vote of the members present at any business meeting.

At Lake Forest Academy two new instructors have been engaged for the coming scholastic year. They are Mr. George A. Ferguson, of Shortridge Manual Training School, Indianapolis, who will take the place of Dr. R. W. Conant as instructor in Latin; and Mr. Douglas Crawford, who will take the place of James P. Whyte as head of the English Department.

ACADEMY COLORS

Come prepared to take your stand under the Orange and Black.

ATHLETICS

Although the Academy is the oldest department of Lake Forest University its present Athletic Association is but ten years old, the constitution having been adopted in October, 1893, and revised in 1906.

The Association has been a means of promoting the athletic work of the Academy.

The Academy Athletics are under the supervision of Mr. C. B. Herschberger, C. U. '98. Every effort is made to arouse a keen interest in all manly sports, without allowing them to detract from the student's studies. Football, gymnasium work, base ball, and track and field sports are all supported by the Academy.

The Athletic Field is the pride of the Academy. It is a five acre plat of ground on which are a football field, baseball diamond, a five and one-half lap track, a hundred yard straight away, etc.

PHYSICAL CULTURE

Students have regular training under a competent instructor. Classes, which all students are expected to attend, meet three times a week.

Each student must undergo a thorough physical examination by the instructor before entering class work.

The gymnasium is the best place to keep in good physical condition. If

you are interested all right; if not, get interested. It will do you good.

Tennis—There are three tennis courts on the campus. This is a sport much indulged in by both students and masters. Tournaments are held with other schools and among the men of the different halls.

The Academy Library—Has a choice collection of books, containing works on science, history, biography, fiction, and general reference. The students have access to the College library where three books at a time may be drawn and retained three weeks.

Vespers—From 5:00 to 5:30 o'clock every Sunday vespers are held in the Chapel of Reid Hall. The services are conducted by the head master and all the students living on the campus are expected to attend.

Haven and Reid Medals—The Haven Gold Medal is given by Dr. A. C. Haven, of Lake Forest, to the member of the graduating class who has had the highest average in his studies during his third and fourth years at the Academy. The student having the second highest average receives the Arthur Sommerville Reid Medal.

New Prizes—Three years ago two new prizes were instituted in our Academy. One is the gift of the President to the man having the highest standing as student and athlete. The other is the Howard Morris Prize, given to the person in Second English, who, at the end of the year, shows the greatest improvement in his work.

Organizations—Beside the regular institutions of the Academy are the Choir, Dramatic Club, and Debating Team.

POINTERS

HOURS: Breakfast, 7:15; dinner, 12:15; supper, 6. Two bells are rung, one five minutes before and the other on the hour.

Every student is requested to join the volunteer Bible class.

Watch the bulletin boards on the wall at the foot of the stairs in Reid Hall.

Positions on all the Academy teams are open to all students and are secured by honest competition. A good way to show your spirit is to get out for all teams. Remember the House Meet.

FERRY HALL

Greeting

The Young Women's Christian Association presents a hearty welcome to all students, new and old. We trust that those who have been with us before will quickly renew the ties of good fellowship and loyalty.

The new students we particularly urge to join in our work, and to feel that they have a part in everything that tends to advance our student life.

A cordial invitation is given to every member of Ferry Hall to make free use of our Association room. We hope that the Association may be the cause of greater loyalty to Ferry Hall and truer friendship for each other.

Our society is one of the youngest in Illinois, having been founded in October, 1904. The aim of the Association is to train its members in active Christian work and to bring them into closer relationship with God.

Five-sixths of the girls in Ferry Hall are members of the Association. Every girl is invited to become a member. If she is a member of any Evangelical church she is eligible to active membership; otherwise she may be an associate member.

Meetings are held every Wednesday evening in Ferry Hall Chapel. The girls have full charge of these meetings and during the past year they have been both interesting and profitable.

A delegate was sent last year to the convention held at Decatur, and twenty delegates went to the conference held at the University of Chicago.

Three social gatherings were held last year at which the members had a most enjoyable time. Other social times have been planned for this year.

The pledge of the Association to Foreign Missions last year amounted to over one hundred dollars. We hope to have an equal amount this year.

It is the plan of the Association each year to entertain at Ferry Hall some of the children's clubs of Chicago.

ORGANIZATIONS

Lyric and Dramatic Club—All students of music and elocution are eligible to membership in the club, which holds its meetings every two weeks and which has a double aim; to make its members confident when before an audience, and to cultivate in them a taste for the best music and elocution.

Vice-President.....
Secretary.....

Athletic Association—This is an organization of the Ferry Hall students. Its aim is to further the interests of physical training in this school and to provide all possible apparatus for indoor games and work. Basket ball is

one of the most interesting of these games. Through the generosity of Mr. Delavan Smith, a basket ball court has been prepared on the campus, where the game is also played with great enthusiasm and good.

The Westleigh cup, presented by Mrs. Louis Franklin Swift, in May, 1905, is to be contested for each year and is to be held by the class gaining the greatest number of points in Field Day events. The class of 1910 now holds the championship and the cup.

A branch of this Association is the Tennis Club which keeps two clay and three grass courts in excellent condition. The Tennis Club also arranges for tournaments.

The thirty-seventh year of Ferry Hall will open with improvements along many lines. Steady progress in educational methods, together with substantial additions in equipment, have made its standards and requirements equal to those of the best schools for girls in the United States.

Several important changes in the faculty of Ferry Hall of Lake Forest College for next year have been announced. Mr. Victor Heinze will take Mr. George E. Eager's place as head of the Piano Department. Mr. Heinze is a pupil of Leschetizky and holds a personal recommendation from him. At present he is head of the Heinze School of Artistic Piano Playing, in Chicago, and has a wide reputation as a successful teacher of the Leschetizky method. He will be assisted by Mr. Clarence Eidem, a pupil of Heinze, and a teacher of five years' experience.

Miss Emily Dixon, a graduate of Mount Holyoke and at present a member of the faculty of the English Department at Mount Holyoke, will succeed Miss Julia Pickett, as instructor in History and English. Miss Dixon taught for several years at the Misses Dixon's school, Hillside, Conn.

Miss Marinda Deyo, teacher of Greek and Latin for the past three years, will not return to Ferry Hall. Her successor is not yet announced. Miss Deyo will spend the summer abroad and will teach next year at Lake Erie College, Haynesville, Ohio.

Equipment—George Smith Hall, the recent gift of Mr. James Henry Smith, of New York City, enables Ferry Hall to offer exceptional facilities in labora-

tory and class room work. The building contains ten class rooms, a large study hall, a well supplied physical laboratory, a lecture hall with a seating capacity of four hundred, besides offices and recreation rooms. The entire building is lighted, heated and ventilated on scientific principles, and furnished with modern appliances. The main building has been remodeled. giving artistic arrangement to parlors and reception rooms, and making possible the accommodation of more students. With these additions to an equipment already ample, the material advantages offered by Ferry Hall surpass those of any other girls' school in the Northwest.

SORORITIES

Greek Letter Sororities occupy as prominent a place in the Seminary as Fraternities do in the College. Their object is largely social and the chapters differ widely. An invitation to join originates with the sorority. The following four chapters have been established at Ferry Hall:

Lake Forest College

OFFERS four years of undergraduate work, made up partly of required and partly of elective studies. Each student, beginning with Sophomore year, selects some department of study as his major subject under the direction of the professor in that work.

The curriculum is intended to secure to the student some entrance into the main fields of knowledge, as well as to give a special knowledge in some one direction.

For circulars of information and catalogue, address
